## Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and vigorous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper the Badge of Honesty, in a full list of all the several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence. Every ingredient entering into the world-famous "Golden Medical Discovery" has the unanimous approval and endorsement of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement. The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its composition is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry bark, Bloodroot, Mandrake root and chemically pure tripe-reined glycerine. "The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing only. For all stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

### CAUSE OF THE TROUBLE.

The fight waged by organized labor against the Japanese on the Pacific coast, in Hawaii and Alaska, which has now developed into an international matter, has been of about 10 years' duration and of a scope much broader than the present difficult over the exclusion of Japanese children from San Francisco's schools indicates. The Japanese government doubtless has been advised before this time of the character of the labor campaign against its citizens, but has awaited this last manifestation before taking action.

A law passed by the legislature of California five years ago providing for the segregation of all orientals into separate schools is the only legislative act that the organized labor party has been able to invoke in its fight. The rest of the campaign has been carried on unaided and in a manner characteristic of labor agitators.

Before the entrance of the Japanese into the labor field of California and the northern coast States began to be seriously felt, their presence in the cane fields of Hawaii and the fish-packing plants of Alaska was taken by white laborers as a menace. In Hawaii the labor situation became acute last year, when in one instance the Japanese field hands on a plantation on Oahu became so incensed at the effort of organized labor to oust them from their work that a week of rioting followed and the militia from Honolulu had to be hurried to the scene. It is this instrument of organized labor in California that has urged the enforcement of the act of segregation of orientals throughout the whole State. In San Francisco, the strongest union town in the State, this demand was put into execution.

### Mysterious Shooting.

Laura Osten, of East Orange, N. J., twenty-three years of age, was shot and, it is believed, mortally wounded in Broadway, New York, last night while riding in a cab with Louis R. Brown. Her companion, who is twenty-one years old, and also a resident of East Orange, was arrested.

According to the police, Brown, following the shooting, attempted to kill himself, but was prevented by a policeman, who took a revolver from him.

Brown is alleged to have said the two had quarreled over the woman's repeated refusals to marry him. Brown's home is in Mitchell place, and he is employed as a clerk in a brokerage office in New York. Miss Osten lives on Greenwood avenue. She had been stopping recently with friends in an uptown hotel in New York. Last night, according to the police, she met Brown by appointment and the two dined together.

The girl is in Roosevelt Hospital with a bullet in her head, and her condition is critical.

### Suicide of Rejected Lover.

Hans Beck, a florist, 25 years old, after a quarrel with his sweetheart, Helen Bassett, committed suicide Saturday night on the steps of her home in Cleveland, Ohio, by drinking carbolic acid. Miss Bassett's mother discovered his dead body early yesterday morning. Beck and Miss Bassett had a lovers' quarrel a week ago. He heard Saturday evening that she was at a theater with another man and watched for her. When she emerged from the playhouse he approached her with angry words and her escort withdrew. Beck walked home with his former sweetheart and pleaded for a chance to resume his calls. Miss Bassett firmly refused and informed Beck that she no longer cared for him. He first threatened her, and then threatened to kill himself, but she thought he was joking. He left her in front of her home just before midnight and walked a short distance away and returned again, but she refused to see him. He purchased two ounces of carbolic acid at a nearby drugstore, and seating himself on the veranda of her home, drank it all.

### Explosion of Natural Gas.

Two persons were killed, one is missing, four were seriously injured, and twenty more were hurt in a terrific explosion of natural gas that demolished five two-story buildings at Coffeyville, Kans., yesterday. It is supposed that the gas escaped from a main somewhere in the block. The buildings were in a row on east Eighth street, and were occupied by a real estate office, three stores, and a restaurant. The second floors of all the buildings were occupied by roomers. The block of five buildings was leveled to the ground, and only broken bricks, scattered lumber, and twisted iron remain. The buildings and the stocks in them were not insured against explosion. A fire broke out after the explosion, but the flames were quickly extinguished, as little was left to burn. Several persons were buried in the debris, but they were rescued with only slight injuries.

### Devil's Island Torture.

Is no worse than the terrible case of Piles that afflicted me 10 years. Then I was advised to apply Bucklen's Arnica salve, and less than a box permanently cured me, writes L. S. Napier, of Bugles, Ky. Heals all wounds, burns and sores like magic. 25c at E. S. Leadbeater & Sons, Druggists.

## The Wooing of Woman

Began in the Garden of Eden and has been going on with all its delicious consequences ever since. It is the starting point of a woman's life, the hour in which the sun really begins to shine.

Be she savage or civilized it is the dawning of the great light for which every woman longs. The story of how the world in every clime has done its wooing is the most fascinating that can be told the children of men and women.

Taft on the New York Campaign.  
"If William R. Hearst is elected governor of New York, I believe he will be the democratic candidate for the presidency in 1908. I do not see how they could keep the nomination away from him."

William H. Taft, Secretary of War, made this statement emphatically in Cleveland, Ohio, last night in discussing the probable result of the gubernatorial campaign in New York.

"However," he added, "I do not expect him to win. I have every reason to believe from assurances which I have received recently that Mr. Hughes will be elected. My latest advice is to the effect that the sentiment is growing stronger for him daily."

A cold is much more easily cured when the bowels are open. Kennedy's Laxative Honey and Tar opens the bowels and drives the cold out of the system in a youthful old. Sold by W. F. Creighton & Co., 401 King street.
